

I would like to take this opportunity to speak out against the efforts by various businesses to allow them access via telemarketing options. I do not want to hear from them by phone, mail or any other media. I choose who I do business with and consider it an invasion of my privacy to have to deal with them at any time other than when I want to. It is bad enough that we are bombarded daily with anywhere from 5-12 letters per day hawking credit cards, loans and other banking services that I don't want. Please do not allow them to further infringe my time by allowing telephone contact by these business'. Thanks.
